HIGHLIGHT: KEYNOTE SPEAKER

VERA JONES

PRESENTING: JUNE 22, 11 A.M.–12:15 P.M. EDT

Vera's signature keynote, captured in a 2017 Goalcast video with over 47-million views, ignites the belief that for every piece of pain there's a powerful piece of purpose! Chronicling a single mom's most daunting challenges in guiding her son through his most critical life challenges, Vera reveals relatable leadership lessons for resilience, change, and finding significance in the midst of adversity—a true, mental energy boost for those tasked with the heavy responsibility of helping others navigate through conflict. Attendees also learn the importance of emphasizing awareness and accountability before taking action in mediation and why “The Catch” is a fundamental communication key for every conflict conversation.
